

We are The Fleece Force – Song 1

1. We are The Fleece Force,
Walking the beat,
We are The Fleece Force
Keeping the peace.
We are The Fleece Force,
Loyal and brave,
We are watching,
So learn to behave!

CHORUS

Don't let this woolly, warm exterior,
Fool you into thinking you're superior,
We're made of tough stuff,
We're not just soft fluff,
Test us at your peril,
'Cause we'll put you in your place!

2. We are The Fleece Force
Always on guard,
We are The Fleece Force
Working so hard.
We are The Fleece Force,
Ruling the town,
Don't be naughty,
Or we'll take you down!

CHORUS

Don't let this woolly, warm exterior,
Fool you into thinking you're superior,
We're made of tough stuff,
We're not just soft fluff,
Test us at your peril,
'Cause we'll put you in your place!

3. We are The Fleece Force,
Walking the beat,
We are The Fleece Force
Keeping the peace.
We are The Fleece Force,
Loyal and brave,
We are watching,
So learn to behave!

OR YOU'RE NICKED!

Please can you squeeze us in? – Song 2

Please can you squeeze us in?
We don't have many things,
We're very small and we don't need much at all.
We need a little food,
A drink or maybe two,
And a bed to rest our heads.

Look, we're fully booked!
Read the sign, stop wasting all our time!
Try some other place,
No room, no room, NO ROOM!

Both parts sing together

It's a Census! – Song 3

1. Bethlehem is busier than it has ever been,
Bethlehem is full of people we have never seen,
And everyone we meet
Needs somewhere nice to eat,
We're making lots of money
But we're rushed right off our feet!

CHORUS

Oh it's a census! It's a census!
Caesar's making all the rules
An what he says, we do!
It's a census! It's a census!
I do not like Caesar, do you?
NO!

2. Bethlehem is busier than it has ever been,
Bethlehem is full of people we have never seen,
The streets are chock-a-block,
They're shopping round the clock,
We're hiking up the prices,
But we're running out of stock!

CHORUS

Oh it's a census! It's a census!
Caesar's making all the rules
An what he says, we do!
It's a census! It's a census!
I do not like Caesar, do you?
NO!

I do not like Caesar, do you?
NO!

Gabriel's Gospel – Song 4

Come on you shepherds,
(Come on you shepherds),
Come on you sheep,
(Come on you sheep),
Get up this second,
(Get up this second),
No time to sleep!
(No time to sleep!)

*Now don't be afraid, we've come to say
The Son of God is born this day,
Soon the world will know His name,
Jesus!
Travel right now to Bethlehem,
You'll find him in a stable, then
Sing his praise and shout 'Amen!'
Jesus!*

Come on, get moving,
(Come on get moving),
Get on your feet,
(Get on your feet),
Get up this second,
(Get up this second),
No time to sleep!
(No time to sleep!)

*Now don't be afraid, we've come to say
The Son of God is born this day,
Soon the world will know His name,
Jesus!
Travel right now to Bethlehem,
You'll find him in a stable, then
Sing his praise and shout 'Amen!'
Jesus!*

AMEN!

We're Three Kings – Song 5

1. We're three kings, don't you know how important we are?
We have come from afar, we must follow the star!
Three kings, we have studied the skies for a while,
We have travelled for miles to discover the child.

CHORUS

'Cause it's an ancient prophecy,
Tonight it will come true,
A baby born to save us all,
So please, please, let us through!

2. They're three kings with their camels in tow,
With a great heavy load,
An their frankincense, myrrh and their gold.
Three kings who have watched for a sign
For a very long time,
So let's go, or they'll just start to whine!

CHORUS

'Cause it's an ancient prophecy,
Tonight it will come true,
A baby born to save us all,
So please, please, let us through!

3. We're three kings, don't you know how important we are?
We have come from afar, we must follow the star!
Three kings, we have studied the skies for a while,
We have travelled for miles to discover the child.
